Quality Policy

Sanmark Solutions (Pvt) Ltd is one of the leading Software and website service providers in Sri Lanka. We conduct our operational activities in each step of providing the best and most sophisticated service to our local and international clients by considering the requirements of ISO 9001:2015 international standard and by complying with applicable regulatory requirements. Our mission is to provide the best service in designing and developing websites and software for our clients toward their ultimate satisfaction.

Sanmark Solutions (Pvt) Ltd, works towards continuous improvements considering internal and external operational issues, risks, and opportunities related to quality and a safe environment in order to fulfill the needs and expectations of our interested parties.

We effectively utilize the best communication process to enhance the knowledge and skills of our workforce with international exposure.

W.M. Kosala Indrasiri - Managing Director
